

# Project Management Seminar

**September 15-16, 2017**  
**San Antonio, Texas**

**Presented by:**

Bob Krejci, Riverside Construction Services, Inc.  
Matt Lundahl, Quality Cabinet & Fixture  
John Maffett, Coastal Millworks

Do you react to fires every day? Does the phone control the next hour? Is there frustration at your client/job meetings? COME LEARN SKILLS TO TAKE MORE CONTROL OF YOUR PROJECT!

Project management is supposed to make your life easier. Acquire tools that allow you to find balance between Contractor, Architect, Resources and Manpower. Become the most knowledgeable person about your project.

This recently updated program is presented by industry peers with considerable experience in project management of varying size projects for diverse companies. DON'T MISS THIS EXPERIENCE--SIGN UP TODAY!

Session covers 16 areas of project management over 2 days including interactive activities.

- Hand-Off
- PM During Production
- Contract and PO
- Change Order
- Job Cost
- Time Management
- Cash Flow
- Delivery & Installation
- Project Planning
- Care and Storage
